

Received "B" Score in CDP "Climate Change Report 2023"

ULVAC, Inc. received a "B" score in the "Climate Change Report 2023" published by CDP, an international non-governmental organization that manages an environmental information disclosure system.

We also received a "C" score in CDP's "Water Security Report 2023."

We will continue to promote environmentally friendly business activities to realize a sustainable society.
